Instead, additional calculation was required to determine the daily amount of material processed through EU – Process. Please format the records of the amount of material processed through EU – Process to show a single value that may be used to determine compliance with the process restriction specified in EU – Process, Special Condition III.1. Please provide the AQD a copies of the daily records of the amount of material processed through EU – Process, in a format acceptable to the AQD District Supervisor, by **October 14, 2013.**
