Dear Mr. Sidhu:

VIOLATION NOTICE

On September 21, 2020, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), received the semi-annual report certification from Faurecia Interior Systems Saline, LLC located at 7700 Michigan Avenue, Saline, Michigan. The AQD's review of this certification has identified non-compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; the conditions of Renewable Operating Permit (ROP) number MI-ROP-B2063-2018; and the conditions of Permit to Install (PTI) 35-13A.

During the AQD's review of the report, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
EUAUTOPLASCOATLN	MI-ROP-B2063-2018 EUAUTOPLASCOATLN Condition I.4.	Daily VOC limit exceeded.
	PTI 35-13A EUAUTOPLASCOATLN Condition I.5.	

The conditions of ROP number MI-ROP-B2063-2018 and PTI number 35-13A limit the emissions of VOC to 5 lb/gal (less water) daily. The records provided demonstrate that actual emissions of VOCs from EUAUTOPLASCOATLN process equipment exceeded the daily limit. Furthermore, the exceedances of this daily VOC limit appear to be a reoccurring issue, as documented in annual and semi-annual certifications previously submitted by FIS-Saline.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by October 21, 2020, (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the
