

DEPARTMENT OF ENVIRONMENTAL QUALITY  
AIR QUALITY DIVISION  
ACTIVITY REPORT: Self Initiated Inspection

B606751454

FACILITY: Chieftain Coating, LLC.		SRN / ID: B6067
LOCATION: 35300 Kelly Rd., CLINTON TWP		DISTRICT: Southeast Michigan
CITY: CLINTON TWP		COUNTY: MACOMB
CONTACT: Jay Burkard, President		ACTIVITY DATE: 11/19/2019
STAFF: Sebastian Kallumkal	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: To verify the disconnection and removal of coating lines subject to PTI No. 54-08.		
RESOLVED COMPLAINTS:		

On Tuesday, November 19, 2019, I, Sebastian Kallumkal, Michigan Department of Environment, Great Lakes and Energy (EGLE)-Air Quality Division (AQD) conducted a self-initiated inspection at Chieftain Coating, LLC. (formerly Burkard Industries, Inc.) located at 35300 Kelly Road, Clinton Township, Michigan. The purpose of the inspection was to verify that the processes covered by PTI No. 54-08 are disconnected in order to void this permit. The permittee requested to void this permit. Currently, the facility is only had PTI No. 252-02 for E-coat line.

I arrived at the facility about 11:10 am. At the facility, I met with Mr. Jay Burkard, President. I introduced myself and stated the purpose of my inspection.

He informed me that the Burkard Industries was purchased by Chieftain Coating, LLC. as of November 1, 2019. He showed me that the parts cleaning line and the cure oven has been dismantled and removed. The two coatings booths are dismantled and will be removed soon. He told me also that the stacks for the booths will be removed soon too.

Currently the facility has two e-coat lines, and powder coatings lines. The SDSs for the e-coat show that the coatings are HAP free. The facility appears to be a true minor source. Powder coating line is exempt from PTI pursuant to Rule 287(2)(d). The facility has two burn-off ovens to clean the used coating racks. They were exempt from permit to install requirements at the time (1988 and 1994) of the installations.

**Conclusion:** Based on the inspection, the PTI No. 54-08 should be voided. An email was sent to the AQD Permit Section to void this PTI. (PTI 54-08 was voided on 11/26/2019.
