Regarding: Violation Notice, May 7, 2015
Comfort Research, 1719 Elizabeth Avenue NW, SRN: N 1916

Dear Ms. Plafcan:

Comfort Research is in receipt of the above referenced violation notice (VN). In a response dated May 14, 2015 we have included outstanding data submittals for March 2015.

This data was submitted on April 27 as part of the response to the Violation Notice dated April 3. That said, I do in fact realize that it should have been sent as an individual document.

Again, as a preventive measure, we have reviewed our ROP requirements and implemented a review procedure and an internal reporting calendar to prevent any further reoccurrence. We sincerely hope this response is satisfactory and given the response is within the allotted time frame, we also hope you find the response timely to your request. Should you have any questions or comments regarding this response, please do not hesitate to contact Joel Burkel at 616.706.6453. We greatly appreciate the courtesy and professionalism extended to our staff during your visits.

Sincerely,

COMFORT RESEARCH

Joel Burkel
Plant Manager
