Dear Mr. Brown:

SECOND VIOLATION NOTICE

On August 11, 2014, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of BOS Manufacturing, formerly known as MasTech, Inc. (the company), located at 290 South Washington Street and 100 South Glocheski Drive, Manistee, Michigan. The purpose of the inspection was to determine BOS Manufacturing's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the administrative rules and the conditions of Permit to Install (PTI) number 76-09.

On September 5, 2014, the AQD sent the company a Violation Notice citing the violation discovered as a result of the inspection and requested your written response of the date that the required recordkeeping for PTI 76-09 has begun. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violation may result in escalated enforcement action by the AQD. Please provide the information requested in our September 5, 2014 letter by Monday, October 14, 2014, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violations or the actions necessary to bring BOS Manufacturing into compliance, please contact me at the number listed below.

Sincerely,
