SUBJECT: Signet is no longer in business. Address is now Faurecia. See SRN P0288		
RESOLVED COMPLAINTS:		

On October 23, 2013, I, Rebecca Loftus, Department of Environmental Quality (DEQ), Air Quality Division (AQD), attempted to conduct an inspection of Signet Industries, SRN: N2441, located at 17085 Masonic Avenue, Fraser, Michigan. The purpose of the inspection was to determine the facility's compliance with the Federal Clean Air Act, Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act of 1994, PA 451, as amended, and Michigan's Air Pollution Control Rules.

According to the file, at this location, Signet Industries had 41 injection molding machines and seven paint spray booths. Upon arrival, I noted Signet Industries is no longer in business at 17085 Masonic Avenue. A company named Faurecia now occupies the building.

Upon returning to the office, I found that Faurecia is permitted at this location under a different SRN, P0288, assigned to AQD Inspector Krista Reed (see attached).

The permits for Signet Industries were voided on December 15, 2010 (see attached).

Based on information gathered, Signet Industries will be marked permanently closed in the AQD database and the file will be archived and sent to the DEQ's records center. For this address, future compliance with air quality regulations will be tracked under P0288 - Faurecia.
