RE: Violation Notice 19 Sep 2023

We received a violation notice following an inspection carried out on August 23rd, 2023, stating that we had not sent in required documentation (due on September 4th, 2023).

The requested documentation was sent in, in a timely manner, by email, on September 1st, 2023, but was not received due to attachment issues. In addition, the exempt processes are no longer being operated at our facility.

This information has now been resubmitted. Please let us know if anything additional is needed.

Thank you,
Mike Clark

CEO/Owner
