Mr. Michael Conklin
Environmental Engineer
Department of Environment, Great Lakes and Energy
Air Quality Division
1504 West Washington Street
Marquette, MI 449855

Dear Mr. Conklin,

In response to Violation Notice, SRN: 5111, Menominee County, on June 12, 2019, during routine inspection by Michael Conklin of the Air Quality Division, he discovered a surface coating line without a P.T.I. After receiving this violation notice, we immediately began acquiring the necessary permit application and information necessary to bring Superior Cedar Products back into compliance. On August 9th, that entire package of information containing attachments, pictures, map, and completed P.T.I. application was sent to Michigan Department of Environmental Quality, Air Quality Division - Permit Section in Lansing, along with a copy of the P.T.I. application to the Marquette office. We have included a copy of that submittal with this response letter. After receiving a P.T.I., we will be back in compliance.

Sincerely,

Dwaine Mellen, President
Superior Cedar Products
