Mr. Dale Olmstead
Kerry, Inc.
4444 52nd Street S.E.
Kentwood, Michigan 49512

SRN: P0787, Kent County

Dear Mr. Olmstead:

VIOLATION NOTICE

On July 31, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted a review of the revised Potential to Emit (PTE) for the Permit to Install (PTI) application submitted by Kerry, Inc. located at 4444 52nd Street S.E., Kentwood, Michigan. The purpose of this review was to determine Kerry, Inc.'s compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

Review of the volatile organic compound PTE calculations submitted on July 16, 2018, revealed the following:

Process Description	Rule/Permit Condition Violated	Comments
Production of cereal breakfast foods	Rule 210	Potential to Emit exceeds major source thresholds.

Based on the volatile organic compound potential emissions, the AQD considers Kerry, Inc. to be in violation of Rule 210 until enforceable limits on the potential to emit are obtained. Opt-out Permit No. 73-18 Draft Conditions that include this limit will be provided to the company for review soon. Therefore, no response to this letter is necessary.

If Kerry, Inc. believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection of Kerry, Inc. If you have

Mr. Dale Olmstead
