RESOLVED COMPLAINTS:		

On June 18, 2021, AQD District Staff conducted a drive-by verification of equipment removal of Michigan Department of Environment, Great Lakes & Energy (EGLE, formerly MDEQ) Remediation Site – Jack’s Auto Repair. The referenced facility (SRN P0895) is located at 3675 South Straits Highway, Indian River, Cheboygan County, Michigan.

The referenced facility operated under General Permit No. 20-18, issued on March 19, 2018. The system was started up on September 13, 2018. A system shut-down for evaluation of clean-up progress occurred in May 2020. Notification of permanent shut-down of the system was received on May 23, 2021. District Staff received electronic notice that the system had been removed on June 2, 2021. The most recent site inspection was conducted on August 1, 2019.

The referenced Facility is a mobile air sparge and soil vapor extraction (AS/SVE) system housed in an enclosed trailer. At the time of the June 18, 2021, site visit, the mobile unit had been removed. Request for a permit void had been previously requested.
