I. STATUTORY AND REGULATORY AUTHORITY

1.1 This is an administrative action pursuant to the Natural Resources and Environmental Protection Act (NREPA), MCL 324.101 *et seq.*, which is an act that controls pollution to protect the environment and natural resources in this State.

1.2 Article II, Pollution Control, Part 55 of the NREPA (Part 55), MCL 324.5501 *et seq.*, provides for air pollution control regulations in this State.

1.3 Executive Order 2019-06 renamed the Michigan Department of Environmental Quality as the Michigan Department of Environment, Great Lakes, and Energy (EGLE), and EGLE has all statutory authority, powers, duties, functions, and responsibilities to administer and enforce all provisions of Part 55.

1.4 Rule 942 of the Michigan Air Pollution Control Rules, Mich Admin Code, R 336.1942 (Rule 942), was effective on May 20, 2015.

1.5 Rule 902 of the Michigan Air Pollution Control Rules, Mich Admin Code, R 336.1902 (Rule 902), adopts by reference the National Emission Standards for Hazardous Air Pollutants (NESHAP), Title 40 of the Code of Federal Regulations (CFR) Part 61, which includes the NESHAP for Asbestos, 40 CFR Part 61, Subpart M.

1.6 Rule 942 states that a person that is subject to the provisions of NESHAP for Asbestos, 40 CFR Part 61, Subpart M, shall comply with those provisions.

1.7 The Director of EGLE has delegated authority to the Director of the Air Quality Division (AQD Director) to issue this Administrative Fine Order (AFO).

1.8 Under the delegated authority of the AQD Director, pursuant to Section 5529 of Part 55, MCL 324.5529, EGLE may assess an administrative fine of up to \$10,000.00 for each instance of violation and, if the violation continues, for each day of continued noncompliance, if EGLE, on the basis of available information, finds that the person has violated or is in violation of Part 55 or a rule promulgated under Part 55, has failed to obtain a permit required under Part 55, violates an order under Part 55, or has failed to comply with the terms of a permit issued under Part 55. If a single event constitutes an instance of violation of any combination of Part 55, a rule promulgated under Part 55, a permit issued, or order entered under Part 55, the amount of the administrative fine for that single event shall not exceed \$10,000.00 for that violation. The assessment of an administrative fine may be either a part of a compliance order or a separate order issued by EGLE.

1.9 The authority of EGLE under Section 5529 of Part 55, MCL 324.5529, is limited to matters where the total administrative fine sought does not exceed \$100,000.00 and the first alleged date of violation occurred within twelve (12) months prior to initiation of the administrative action. Except as may otherwise be provided by applicable law, EGLE shall not condition the issuance of a permit on payment of an administrative fine assessed pursuant to Section 5529.
