July 27, 2015

Eric Grinstern  
Environmental Quality Specialist  
Air Quality Division

In response to your letter dated July 6<sup>th</sup>, 2015.

The burning of a rack with a torch to remove the built up coating occurred mid summer 2014. And has not been done at any other time. And will not be done in the future.

The use of the oven as a burn off oven will be discontinued immediately.

Sincerely

A handwritten signature in black ink that reads "Mark Schneider". The signature is written in a cursive, flowing style.
