Subject: Open burning

Good morning Chris. Thanks for working with me on the violation you came and investigated on 10/13/22 at 4470 Adams St. When I got permission from Jamestown Fire Department I thought that was all I needed and had no idea that what I was doing was a violation. Now that I know what the rules are I won't be burning anymore demolition debris.

If you need anything else from me let me know.

Thanks again for your help.

Mike Zuverink
