Dear Roger Krieger:

**VIOLATION NOTICE**

On May 9, 2022, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) performed an inspection at 9444 West Saginaw Road, Reese, Tuscola County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my inspection, Saint Michael's Lutheran Church owned the former hall/storage facility. The facility was demoed by a parishioner of the church. The National Emission Standard for Asbestos (NESHAP) holds the *owner and operator* liable for all violations.

During the investigation, EGLE staff observed the following:

The Church's hall/storage facility was demolished, and the building debris was removed. The owner failed to submit the 10-working day Notification of Intent to Renovate/Demolish to the administrator prior to the demolition activities.

On 5/9/22, arrived on-site to perform a post planned renovation inspection of the subject facility. Upon arrival the building was demolished. No Notice of Intent to Renovate/Demolish was submitted to the administrator prior to the demolition activities.	40 CFR §61.145(b)(1)	Failure to Notify the administrator.
