

Acid Rain Permit Public Notice Documents

The Department of Environmental Quality is seeking comment on the following draft permit actions:

NA

The public comment period has ended and the Department of Environmental Quality has proposed the following Phase II Acid Rain Permits to the U.S. Environmental Protection Agency for approval:

Those individuals who commented on the draft permit during the 30-day public notice period may send comments to the U.S. Environmental Protection Agency, Region 5, Permits and Grants Section, Mail Code AR-18J, 77 West Jackson Boulevard, Chicago, Illinois, 60604.

DTE - GREENWOOD ENERGY CENTER – SRN: B6145

EPA review began 3/23/2018.

The Department of Environmental Quality has recently made final decisions on the following Phase II Acid Rain Permits:

The time period provided to petition an initial or renewal ROP to EPA ends 60 days after EPA's 45-day review period ends, (i.e., 105 calendar days after the specified start date of the EPA review). See AQD's Rule 214(8) for further information.

All plans referenced in final ROPs can be obtained from the appropriate [AQD District Office](#).

When an Acid Rain Permit is final, it is incorporated into the associated Renewable Operating Permit (ROP). All ROPs may be found on the AQD website through the sorted lists on the [ROP Source Lists](#) website.

Grand Haven Bd. of Light & Power – J.B. Sims Generating Station – SRN: B1976

EPA review began 1/8/2018.
