

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF ENVIRONMENTAL QUALITY
LANSING

DAN WYANT
DIRECTOR

August 18, 2011

Dear Interested Party:

Thank you for your interest regarding the Permit to Install application submitted by McCoig Materials, LLC, to the Michigan Department of Environmental Quality (MDEQ), requesting operation of their existing concrete batch plant above the exemption levels in Rule 336.1289, for the facility located at 1441 Springwells Court, Detroit, Michigan.

Pursuant to state and federal requirements, the MDEQ held a public comment period that ended with a public hearing on July 19, 2011, on its proposed conditional approval of the permit. The Air Quality Division (AQD) received four written comments during the public comment period and 15 people presented verbal comments at the public hearing.

After careful consideration of the issues and pursuant to the delegation of authority from the Director of the MDEQ, I have approved Permit to Install No. 242-10.

The Response to Comments (RTC) Document provides our responses to comments received during the public comment period and at the public hearing. The RTC document and the Permit Terms and Conditions are available at <http://www.deq.state.mi.us/aps/cwerp.shtml>.

Thank you for your input regarding our review of this permit application. If you have any questions, please contact Mr. Paul Schleusener, AQD, at 517-335-6828, or you may contact me.

Sincerely,

G. Vinson Hellwig, Chief
Air Quality Division
517-373-7069
