C. HEIDI GREYER
DIRECTOR

June 1, 2017

Mr. Barry J. Marietta, Environmental Supervisor
DTE Energy
One Energy Plaza
Detroit, Michigan 48226

Dear Mr. Marietta:

This letter is in reference to your Permit to Install (PTI) application identified as No. 39-17 (State Registration Number B4321) for the removal of annual facility wide emission limits for nitrogen oxides and sulfur dioxide for the facility located at 6400 North Dixie Highway in Newport, Michigan.

The public comment period ended on May 25, 2017 upon the closing of the public hearing. A comment was received during the comment period concerning excessive noise from the turbine generators. Although the Air Quality Division (AQD) does not have the authority to regulate noise levels, we are informing you of the concerns in the comment.

After careful consideration of the issues and pursuant to the delegation of authority from the Director of the Michigan Department of Environmental Quality (MDEQ), I have approved PTI No. 39-17.

The equipment covered by this permit is also subject to the requirements of the Renewable Operating Permit (ROP) Program. Submittal of the M-001 and C-001 forms may be required prior to commencing operation. A change that is subject to Rule 215 subrules (1), (2), or (3), promulgated pursuant to Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, requires the submittal of the forms to the appropriate AQD District Office. If a change is made pursuant to Rule 216, please submit the required forms to the Cadillac District Office at the address provided in the M-001 form instructions. Also, you must notify the Jackson District Office, in writing, within 30 days after completion of the installation, construction, reconstruction, relocation, or modification of the process or process equipment covered by this PTI.

Additional information is included in the M-001 form instructions which are available on the Internet or can be obtained by contacting the Jackson District Office at 517-780-7851. The AQD permit web page is located at <http://www.michigan.gov/air>.

To help us improve the service we provide our customers, we encourage you to complete a *Permit to Install Customer Service Survey* on the following Web page:
