GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF ENVIRONMENTAL QUALITY  
LANSING

C. HEIDI GREETHER  
DIRECTOR

June 26, 2017

Mr. Ted Hansen, CEO  
L'Anse Warden Electric Company  
157 South Main Street  
L'Anse, Michigan 49946

Dear Mr. Hansen:

This letter is in reference to your Permit to Install (PTI) application, identified as No. 53-17, State Registration Number B4260. The application was received on April 4, 2017, for a temporary permit allowing the combustion of engineered fuel pellets in your existing boiler for a period of up to 180 days. The facility is located at 157 South Main Street, L'Anse, Michigan.

Review of your application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permit. The public comment period will begin on June 26, 2017 and will end on July 26, 2017.

On July 26, 2017, an informational session and public hearing will be held at the L'Anse High School, L'Anse, Michigan. The informational session will be held from 6:00 p.m. until 7:00 p.m. at which time staff will be available to answer questions. The public hearing will follow at 7:00 p.m. Please note, the public hearing will address both your PTI application and your Renewable Operating Permit renewal application, No. MI-ROP-B4260-20XX, which was public noticed concurrently with the PTI application.

You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved PTI* and only references a proposed action on your application.

Enclosed are copies of the "Notice of Air Pollution Comment Period and Public Hearing," the "Fact Sheet," the "Proposed Project Summary", and the draft conditions regarding our analysis of your proposed project.

Mr. Hansen
