Dear Mr. Frost:

This letter is in reference to your Permit to Install application, identified as No. 539-97E, State Registration Number M4796. The application was received on March 7, 2011, for changes to the air quality Permit to Install for the hazardous waste treatment, storage, and disposal facility located at 28470 Citrin Drive, Romulus, Michigan.

Review of your application is complete. We have announced the public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permit. The public comment period began on April 14, 2011, and will end on June 29, 2011.

On May 16, 2011, an informal availability session from 10:00 a.m. until 12:00 p.m. and a question and answer public meeting from 6:00 p.m. until 7:00 p.m. will be held at the Crowne Plaza Hotel, 8000 Merriman Road, Romulus, Michigan. During these sessions staff will be available to provide information and answer questions about the proposed changes to the air permit for the hazardous waste treatment, storage, and disposal facility. No formal presentation will be given.

On May 17, 2011, a public hearing will be held at the Crowne Plaza Hotel, 8000 Merriman Road, Romulus, Michigan from 7:00 p.m. until 9:00 p.m.

You may submit comments during the comment period and are encouraged to appear at the informal availability session, question and answer public meeting, and public hearing on behalf of your Permit to Install application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit application.

By law, construction of the proposed process should not begin until you receive an approved Permit to Install. *This letter is not an approved permit to install* and only references a proposed action on your application.

Enclosed are copies of the "Notice of Air Pollution Comment Period and Public Hearing," the "Fact Sheet," and the draft conditions regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me.

Sincerely,

Paul L. Schleusener, Senior Engineer Specialist  
Air Quality Division
