Dear Mr. Elston:

This letter is in reference to your Permit to Install (PTI) application identified as No. 59-16A (State Registration Number P0699) for proposed changes to the not yet installed medium density particleboard plant located at 5851 Arauco Road, Grayling, Michigan.

The public comment period ended on May 1, 2017. A public hearing was not requested. The Air Quality Division (AQD) received comments from one commenter during the comment period.

After careful consideration of the issues and pursuant to the delegation of authority from the Director of the Michigan Department of Environmental Quality (MDEQ), I have approved PTI No. 59-16A. As a part of this approval, we corrected some typographical errors in the permit conditions.

The AQD has prepared the enclosed Response to Comments (RTC) document, which provides our responses to comments received during the public comment period and at the public hearing. It also identifies the special conditions that have been modified and provides our rationale for modifying the proposed special conditions. These changes are listed in Section II of the RTC document.

This approval is based upon and subject to compliance with all administrative rules of the MDEQ and conditions stipulated in the enclosed supplement. Please review these conditions thoroughly so that you may take the actions necessary to ensure compliance with all of these conditions.

Also, PTI No. 59-16 has been voided because the equipment is now covered by PTI No. 59-16A.

To help us improve the service we provide our customers, we encourage you to complete a *Permit to Install Customer Service Survey* on the following Web page:

If you have any questions regarding this permit, please contact Mr. Andrew Drury, AQD, Permit Section, at 517-284-6792; drurya@michigan.gov; or MDEQ, P.O. Box 30260, Lansing, Michigan 48909-7760; or you may contact me.

Sincerely,

Lynn Fiedler, Division Director
Air Quality Division
