DEPARTMENT OF ENVIRONMENTAL QUALITY
LANSING

C. HEIDI GREYER
DIRECTOR

July 19, 2017

Mr. M. Krchmar, Plant Manager
EES Coke Battery, LLC
1400 Zug Island Road
River Rouge, Michigan 48218

Dear Mr. Krchmar:

This letter is in reference to your Permit to Install application, identified as No. 77-17, State Registration Number P0408. The application was received on May 1, 2017, for the temporary controlled venting of an existing 300,000 gallon light oil storage tank located at 1400 Zug Island Road, River Rouge, Michigan. The temporary controlled venting will be for a maximum of 30 days.

Review of your application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permit. The public comment period will begin on July 19, 2017, and will end on August 18, 2017. An informational session and public hearing have been scheduled on August 23, 2017; however, they will be held only if requested by August 18, 2017. If a hearing is requested, the comment period will be extended until the close of the hearing. You may submit comments during the comment period and are encouraged to appear at the information session and public hearing, if held, on behalf of your Permit to Install application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit application.

By law, construction of the proposed process should not begin until you receive an approved Permit to Install. *This letter is not an approved permit to install* and only references a proposed action on your application.

Enclosed are copies of the "Notice of Air Pollution Comment Period and Public Hearing," the "Fact Sheet," the "Proposed Project Summary", and the draft conditions regarding our analysis of your proposed project.

Mr. Krchmar
