Findlay, Ohio 45840

Dear Mr. McKain:

This letter is in reference to your Permit to Install application, identified as No. 197-10, State Registration Number A9831. The application was received on September 29, 2010, for the truck load rack at the Rouge asphalt terminal located at 301 South Fort Street, Detroit, Michigan.

Review of your application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permit. The public comment period will began on June 15, 2011, and will end on July 19, 2011.

On July 19, 2011, an informational session and public hearing will be held in the Kemeny Center Gymnasium, 2260 South Fort Street, Detroit, Michigan. The informational session will be held from 5:00 p.m. until 6:30 p.m. at which time staff will provide a brief introduction regarding the proposed project and will be available to answer questions. The public hearing will follow at 7:00 p.m.

You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your Permit to Install application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit application.

By law, construction of the proposed process should not begin until you receive an approved Permit to Install. *This letter is not an approved permit to install* and only references a proposed action on your application.

Enclosed are copies of the "Notice of Air Pollution Comment Period and Public Hearing," the "Fact Sheet," and the draft conditions regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me.

Sincerely,

Paul L. Schleusener, Senior Engineer Specialist  
Air Quality Division
