The Michigan Department of Environmental Quality (MDEQ) has announced a public comment period on the draft permit conditions, as required by state and federal regulations. Due to the relatively close timing of the application submittals and the State of Michigan public notice requirements, the Air Quality Division (AQD) has elected to schedule a combined public comment period and hearing for these projects. The public comment period is to solicit written comments prior to making final decisions on the permit applications. Written comments received during the comment period will be considered in the final permit decisions. Please mail comments by December 7, 2011, to Ms. Mary Ann Dolehanty, Permit Section Supervisor, MDEQ, AQD, P.O. Box 30260, Lansing, Michigan, 48909-7760. Comments may also be submitted from the webpage <http://www.deq.state.mi.us/aps/cwerp.shtml> (click on "Submit Comment" for the appropriate listing).
