

RICK SNYDER  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF ENVIRONMENTAL QUALITY  
LANSING

DAN WYANT  
DIRECTOR

January 11, 2012

Mr. C. T. Case, Deputy Asst Secretary  
Marathon Petroleum Company LP  
1300 South Fort Street  
Detroit, Michigan 48217-1294

Dear Mr. Case:

This letter is in reference to your Permit to Install applications listed in the table below, for equipment located at 1300 South Fort Street, Detroit, Michigan (State Registration Number A9831).

PTI Application No.	Date Application Received	Process/Equipment
96-11	6/15/2011	Rag layer storage tanks
142-11	9/19/2011	Railcar loading operation for asphalt cement
148-11	10/3/2011	Barge loading operation for asphalt cement
63-08C	10/19/2011	Detroit Heavy Oil Upgrade Project: minor changes in project scope

The public comment period ended on December 7, 2011, and a public hearing was also held on December 7, 2011. Comments were received during the comment period and at the public hearing. After careful consideration of the issues and pursuant to the delegation of authority from the Director of the Michigan Department of Environmental Quality (MDEQ), I have approved Permit to Install Nos. 96-11, 142-11, 148-11, and 63-08C.

The Air Quality Division (AQD) has prepared the enclosed Response to Comments (RTC) Document, which provides our responses to comments received during the public comment period and at the public hearing. It also identifies the special conditions that have been modified and provides our rationale for modifying the proposed special conditions. These changes are listed in Section II of the RTC document.

This approval is based upon and subject to compliance with all administrative rules of the MDEQ and conditions stipulated in the enclosed supplement. Please review these conditions thoroughly so that you may take the actions necessary to ensure compliance with all of these conditions.

The equipment covered by this permit is also subject to the requirements of the Renewable Operating Permit (ROP) Program. Submittal of the M-001 and C-001 forms may be required prior to commencing operation. A change that is subject to Rule 215 subrules (1), (2), or (3), promulgated pursuant to Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, requires the submittal of the forms to the appropriate AQD District Office. If a change is made pursuant to Rule 216, please submit the required forms to the AQD Permit Section.

Additional information is included in the M-001 form instructions which are available on the Internet or can be obtained by contacting the Detroit Field Office at 313-456-4700. The AQD permit web page is located at <http://www.deq.state.mi.us/aps>.

Also, Permit to Install No. 63-08B has been voided unless there is a petition for review of this decision, because the equipment is now covered by Permit to Install No. 63-08C.

To help us improve the service we provide our customers, we encourage you to complete a *Permit to Install Customer Service Survey* on the following Web page:  
[www.michigan.gov/documents/deq/DEQEval\\_29-pti-customerservice\\_287285\\_7.html](http://www.michigan.gov/documents/deq/DEQEval_29-pti-customerservice_287285_7.html).

Please contact Mr. Paul Schleusener, Air Quality Division, at 517-335-6828 if you have any questions regarding this permit, or you may contact me.

Sincerely,

G. Vinson Hellwig, Chief  
Air Quality Division  
517-373-7069
