**RENEWABLE OPERATING PERMIT
NOTICE OF AIR POLLUTION PUBLIC COMMENT PERIOD**

ROP No.
MI-ROP-
B1477-2012

The Department of Environmental Quality, Air Quality Division (AQD) is holding a public comment period until December 7, 2011, on the draft renewal of a Renewable Operating Permit (ROP) under consideration to be issued to Lafarge Midwest, Inc. - Alpena Plant located at 1435 Ford Avenue in Alpena, Michigan. The facility's Responsible Official is Mr. David Dziuinski, Plant Manager.

Major stationary sources of air pollutants are required to obtain and operate in compliance with an ROP pursuant to Title V of the federal Clean Air Act of 1990 and Section 5506(1) of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. The ROP is intended to simplify and clarify a facility's applicable requirements and compliance with them by consolidating all state and federal air quality requirements into one document. The proposed ROP will result in no emissions change at the facility.

Copies of the draft ROP and the Staff Report are available for inspection at the following locations or you may request a copy be mailed to you by calling or writing the District Office at the address and telephone number listed below:
