Conferences, Workshops, and Training

MARCH 26-28, 2001

LIMITED TREATMENT SHORT COURSE, HIGGINS LAKE, MICHIGAN. The Michigan Section of the American Water Works Association and the DEQ's Environmental Assistance Division present this course offering water utility personnel an opportunity to acquire basic information in subjects important to limited treatment systems. The course will cover topics including basic math, chlorination, fluoridation, safety, iron removal, wells and pumps, and miscellaneous treatment. Students satisfactorily completing the course may be awarded up to 2 hours of MDEQ advisory board-approved CECs (continuing education credits). Cost: \$175 includes all meals from lunch on day of arrival through lunch on day of departure, mid-morning and afternoon coffee service, two nights lodging in a double room, materials, and workbooks. Optional one and one-half hour evening sessions for catch-up, discussion, and questions and answers are planned. Registration Contact: **Koren Carpenter**, Environmental Assistance Division, 517-241-7157, or E-mail at carpentk@state.mi.us.

MARCH 26-28, 2001

WATER TREATMENT SHORT COURSE II, HIGGINS LAKE, MICHIGAN. The Michigan Section of the American Water Works Association and the DEQ's Environmental Assistance Division present the Water Treatment Short Course II. This course is offered to allow water utility personnel an opportunity to acquire advanced information in subjects important in the operation of a water filtration plant. It is recommended that students taking this course have a good general understanding of mathematics and basic chemistry or have previously completed Water Treatment Short Course I. Students satisfactorily completing the course may be awarded up to 2.5 hours of MDEQ advisory board-approved CECs (continuing education credits). Cost: \$175 includes all meals from lunch on day of arrival through lunch on day of departure, mid-morning and afternoon coffee service, two nights lodging in a double room, materials, and workbooks. Optional one and one-half hour evening sessions for catch-up, discussion, and questions and answers are planned. MARCH 2001

TRANSPORTATION AND THE ENVIRONMENT CONFERENCE. The Michigan Department of Environmental Quality, Land and Water Management Division (LWMD), and the Michigan Technological University's Local Technical Assistance Program (LTAP) present the 2001 Transportation and The Environment Conference. This year's conference provides an overview of statutes and design criteria in a number of environmental areas. Participants will become more familiar with the LWMD permit process for projects that impact wetlands, lakes, streams, and floodplains. The conference is recommended for transportation agency (county road commissions, municipalities, and Michigan Department of Transportation) staff, including engineers, technicians, foremen, commission board members, and consultants who are responsible for project design, permit submittal, project construction, and/or maintenance. Cost: \$70 for public agencies and \$100 for private agencies. Cost includes registration for the one-day course, seminar materials, continental breakfast, and lunch. Registration Contact: **Michigan LTAP Office**, 906-487-2102, Fax: 906-487-3409.

FUNDING FOR WATERSHED AND STORM WATER PROJECTS SEMINAR, MIDWAY HOTEL-BEST WESTERN, LANSING, MICHIGAN. The Watershed Management Committee of the Michigan Water Environment Association and the Michigan Department of Environmental Quality are jointly presenting this seminar on how government entities can obtain funding for watershed and storm water projects through federal and state grants, as well as private foundations. With current and upcoming storm water regulations requiring the allocations of nonfunded monies for

Best Management Practices, as well as Watershed Management Plans, this seminar will provide a roadmap to obtaining funding from a wide variety of sources. In addition, the seminar will look at how quality-based selections of products and services can save your community and/or organization money over the length of your projects. With a new round of Section 319 and Clean Michigan Initiative grants approaching in June, this seminar offers an excellent opportunity to learn the processes for obtaining funding. Cost: Varies \$65-120, and includes breaks, lunch, and reception. Early registration ends April 16, 2001. Information Contact: **Fred Cowles**, Surface Water Quality Division, 517-335-4127, or E-mail at cowlesf@state.mi.us; or contact **MWEA** at 517-487-1991, mwea@mi-wea.org, or www.mi-wea.org.

FREE PRODUCT MOVEMENT AND RECOVERY: THEORY AND FIELD METHODS, EAST LANSING MARRIOTT AT UNIVERSITY PLACE, EAST LANSING, MICHIGAN.
 The Michigan Department of Environmental Quality's Storage Tank and Environmental Assistance Divisions present this workshop for Qualified Underground Storage Tank Consultants (QCs) and Certified Professionals (CPs) who perform corrective action under Part 213, Leaking Underground Storage Tanks, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. Additionally, other environmental consultants or state/local representatives who need to understand the migration and recovery of light non-aqueous phase liquids (LNAPLs) will benefit. The instructor is James M. Davidson of Alpine Environmental, Inc. in Fort Collins, Colorado. Mr. Davidson is a nationally recognized expert and teaches a variety of scientific short courses and workshops addressing MTBE, petroleum products, subsurface contamination, and remediation. The workshop agenda will cover topics such as physical and chemical characteristics, migration, recoverability, recovery methods, and case study examples will be given. **Register on-line at www.deq.state.mi.us/ead/eosect/workshop.html.** Registration Contact: **DEQ Environmental Assistance Center**, 800-662-9278, or E-mail at deq-ead-env-assist@state.mi.us.
