

DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: On-site Inspection

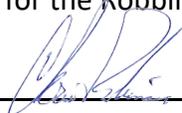

A590563028

FACILITY: DAKE CORPORATION		SRN / ID: A5905
LOCATION: 724 ROBBINS RD, GRAND HAVEN		DISTRICT: Grand Rapids
CITY: GRAND HAVEN		COUNTY: OTTAWA
CONTACT:		ACTIVITY DATE: 05/26/2022
STAFF: Chris Robinson	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Unannounced onsite inspection to verify compliance with applicable air quality rules and regulations.		
RESOLVED COMPLAINTS:		

Chris Robinson (CR) from the Department of Environment, Great Lakes, and Energy's (EGLE) Air Quality Division (AQD) was on site to conduct an inspection of Dake Corporation (SRN A5905) on May 26, 2022. The facility is located at 724 Robbins Road in Grand Haven, Michigan.

Per observations, upon arrival it was evident that the facility was no longer operating. A sign on the door indicated they had moved to 1809 Industrial Park Drive and Bruce Anderson was listed as the contact for any questions. CR contact Mr. Anderson who informed CR that he was no longer with Dake Corporation also noting that Dake Corporation had been sold and that the facility on Robbins Road was no longer operating. CR then proceeded to the 1809 Industrial Park Drive location and conducted an inspection. Since this is a separate location SRN U702202635 was assigned, and the inspection report is covered under that facility ID. MACES has been updated to show non-operating status for the Robbins Road facility.
