SUBJECT: Self-Initiated Inspection, FY 2017		
RESOLVED COMPLAINTS:		

A visit was made to Saint Gobian Abrasives, located at 27588 Northline Rd., in Romulus, on September 27, 2017, for the purpose of performing an inspection. When I arrived on site, it appeared the facility was no longer in operation and the building was vacant. The doors were locked and no facility personnel were on site, and the sign that used to be in front of the facility with the facility name had been removed. Based on an AQD report dated February 28, 2011, the facility was in the process of closing at that time and moving operations out of state. A Google search of the company name and address seems to verify that the facility is no longer in operation.

Based on this site visit, Saint Gobian Abrasives located at 27588 Northline Rd. in Romulus is determined to be permanently closed at this time.
