INSPECTION NARRATIVE

I arrived at the 318 Midland Ave, Highland Park site on 03/08/2018 at 1400 hours. Purpose of visit was to conduct a scheduled inspection for evaluation of chrome emissions compliance. I noticed the front and back doors to the facility were closed and locked. Building was not lighted. The gates to the facility were removed and premises completely vacated. I drove onto the parking lot and inspected the property layout, then circled in the back of the building and left the facility site. I left the area at 1430 hours.
