The team here at SCI will accept this violation and will also take the precautionary steps to avoid this from happening again to the best of our ability. As discussed during a phone conversation with Mr. Forth, we brought in our supplier to assist us in making this a non-issue for us and the complainant. Along with our response you will see our supplier's response to this issue, we will work cooperatively with our suppliers, community and the DEQ to limit the odor issue. I would like to thank Mr. Joseph Forth for his professionalism and courtesy during his visit and will update you as items are completed.

Sincerely,

Nino Nukulovic
