## **Korex Corporation Violation Response and Corrective Actions**

**Date of Violation:** August 16, 2024 & August 27, 2024

### **Violations Noted:**

Process Description	Rule/Permit Condition Violated	Comments
Manufacturing operations at Korex	Rule 336.1901	A distinct and definite objectional odor (level 3) was detected downwind from the facility due to the manufacturing operations at Korex Corporation.

### **Corrective Actions:**

Rule 336.1901: Discussed potential solutions with EGLE team on 9-5-2024. Discussion revolved around Korex running a nearly identical set of products for 40yrs+. Numerous complaints did not arise until 2022. As this is a relatively new issue with little to no change to Korex systems or products, use of third party expertise was discussed and contacts for potential third party assistance was provided by EGLE. Korex to utilize third party assistance to identify best economical and potential mitigation practice from potentials such as raising stacks to filtration/neutralization of perfumes within manufacturing system.

**Corrective Actions Due Date:** TBD pending third party assistance and solution
