## **Korex Corporation Violation Response and Corrective Actions**

**Date of Violation:** October 10, 2024

### **Violations Noted:**

<b>Process Description</b>	<b>Rule/Permit Condition Violated</b>	<b>Comments</b>
Manufacturing Operations at Korex	PTI 539-96 Special Condition 3	Visible emissions were observed coming from the facility on 10/10/2024
Manufacturing Operations at Korex	Rule 336.1901	A distinct and definite objectionable odor (levels 3 and 4) was detected downwind from the facility due to the manufacturing operations at Korex Corporation

### **Corrective Actions:**

PTI 539-96 Special Condition 3: Korex continued conversation with EGLE representative to further clarify emissions point as part of investigation. Investigation did not yield a definitive root cause for the occurrence. Korex taking a broad approach of continued PM planning, bag replacement, and observation to mitigate any further visible emissions and/or to identify root cause and correct.

Rule 336.1901: Per previous discussions with EGLE team, Korex continues to work with 3<sup>rd</sup> party assistance and recommendation on mitigation of odor release.

### **Corrective Actions Due Date:**

PTI 539-96 → Ongoing. Action will not end, rather be standard practice/Rule 336.1901 → 12-31-2024

**NOTE:** Korex kindly requests that EGLE backs Korex in stating that the public is not to enter the property uninvited/unannounced as there are proprietary materials and processes happening. It was observed in October 2024 that a resident was observing our operations from the Korex employee parking lot. They were kindly asked to leave and advised they were not allowed to be there and complied without issue.
