Dear Mr. Ellerbrock:

VIOLATION NOTICE

On April 17, 2018, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), issued Renewable Operating Permit (ROP) No. MI-ROP-B6027-2018, to Inteva Products Adrian Operations located at 1450 E. Beecher St., Adrian, MI. Rule 213(3)(c)(i) of the administrative rules promulgated under Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, requires the responsible official to submit a report at least once every six months of any required monitoring and all instances of deviations from permit requirements.

At this time, the AQD has not received Inteva's semi-annual monitoring and deviation report for January 1 - June 30, 2020, which was required to be postmarked or received by the AQD district office by September 15, 2020. This constitutes a violation of Condition No. 23 Section A, ROP No. MI-ROP-B6027-2018 and Rule 213(3)(c)(i).

Please submit the semi-annual monitoring and deviation report within (21) days from the date of this letter. Each submittal must contain a certification by the Responsible Official that the statements and information in the submittal are true, accurate and complete.

If Inteva believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.
