Subject: Air Quality Division Inspection Violation Response

This letter is in response to the Violation Notice the Perrigo Company received on September 10, 2015. The notice is for failure to notify of the installation of one (1) 32.7 Million btu/hr natural gas fired boiler at Plant 4, which is required under 40 CFR 60 Subpart Dc §60.48c . The New Source Performance Standards (NSPS) Initial Notification and Information form has since been completed and mailed to both the MDEQ Kalamazoo District office as well as the E.P.A. Region 5. A copy of the completed form is attached.

If you require any additional information please do not hesitate to contact me at (269) 673-9098 or scott.schroeder@perrigo.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Schroeder", is written over a faint, larger version of the name.

Scott Schroeder
EHS Engineer
