Subject: RE: Vapor Recovery - 16410 Common Road Roseville MI 48066

Tom,

Thank you for your response to the violation notice and for your decision to install the vapor recovery system on the loading rack. Please include more information on the response such as how much is your annual gasoline throughput, why you decided to install the vapor recovery system, when the installation would be completed, etc. Please refer to the violation notice for details items to be included in the response letter.

The violation notice also requested information on your annual throughput and records of daily logs for September and October. Please submit these records with our response.

Please submit your response by November 1, 2013.

Thank you.

Sebastian,

This email serves as notice that we will be installing vapor recovery for our gasoline loading dock.
