Dear Mr. Suida:

SECOND VIOLATION NOTICE

On September 16, 2014, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), issued Renewable Operating Permit (ROP) No. MI-ROP-M4148-2011a to Detroit Renewable Power (DRP) located at 5700 Russell, Detroit, Michigan. Rule 213(3)(c)(i) of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451), requires the responsible official to submit a report at least once every six months of any required monitoring and all instances of deviations from permit requirements.

On April 11, 2018, the AQD sent DRP a Violation Notice citing violations of Condition Nos. 19 and 23 of Section A of ROP No. MI-ROP-M4148-2011a and Rules 213(3)(c)(i) and 213(4)(c) of Act 451. Your written response was requested by May 2, 2018. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our April 11, 2018 letter by June 1, 2018, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

Mr. Robert Suida
