

DEPARTMENT OF ENVIRONMENTAL QUALITY
 AIR QUALITY DIVISION
 ACTIVITY REPORT: Self Initiated Inspection

N062535847

FACILITY: ASPEN LUMBER CO		SRN / ID: N0625
LOCATION: W8798 BUSH LAKE ROAD, SAGOLA		DISTRICT: Upper Peninsula
CITY: SAGOLA		COUNTY: DICKINSON
CONTACT: STEVE SHIRKEY, MILL MANAGER		ACTIVITY DATE: 08/04/2016
STAFF: Joel Asher	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Facility wide inspection		
RESOLVED COMPLAINTS:		

This facility presently holds 2 active permits. PTI #490-83 and PTI #428-92. Both are for wood-fired boilers used to supply steam for the wood kilns on site.

On 8/4/16 I conducted an unannounced inspection of this facility. I met with a forklift operator who stated the site is now owned by Sagola Hardwoods LTD, which is located a few miles north of the facility on M-95.

I went to Sagola Hardwoods LTD and met with the Mill Manager, Mr. Steve Shirkey. Mr. Shirkey stated they had acquired the property. He also stated they do not plan to operate the boilers and have had discussions regarding demolishing them to use the space for other purposes. He thought they may start demolition activities in 2017. We discussed the possibility of voiding PTI #490-83 and PTI #428-92. Mr. Shirkey agreed as both boilers are no longer operable.

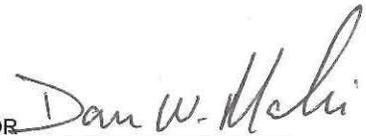

Brief discussions were held regarding demolition requirements as they pertain to the asbestos NESHAP regulations. I left my business card with Mr. Shirkey and he agreed to call a few months prior to the demolition activities to ensure all activities will be in compliance.

A note will be sent to Ms. Sue Thelen to request to void PTI #490-83 and PTI #428-92.

This facility can be removed from the district inspection database.
