SUBJECT: Self initiated site inspection- Equipment has been scrapped, permit void request submitted electronically on August 15, 2018.		
RESOLVED COMPLAINTS:		

On Tuesday, August 14, 2018, AQD District Staff conducted self-initiated site inspections for the following permitted Roscommon County facilities:

- N1444 - CarGem Corp,
- B7516 – Bella Concrete Construction LLC, and
- N1394 – Carrick Concrete

Inspections were conducted with the intent of voiding older permits still identified as active in District files. Void Requests for permit associated with the above referenced Facilities were made electronically on Wednesday, August 15, 2018.

CARRICK CONCRETE (N1394)

Located at 7535 W. Emery Road, Houghton Lake, Michigan. The address is also the contact address for Carrick Gravel and Crushing (N6749) and Carrick Trucking. Two permits are of record for Carrick Concrete, and include

- Permit 486-86 for a for concrete batch plant

Ms. Gail Carrick confirmed that the plant and associated control devices were scrapped approximately 4 years ago.

- Permit 487-86 for water suppression of fugitive dust onsite.

It appears that they are still using fugitive dust control associated with the permit, so this permit has not been requested to be voided.
