Dear Alexandria Muench:

SUBJECT: SRN: N1581, Facility Address: 30517 Andersen Court Wixom, MI 48393

VIOLATION NOTICE

In January 2022, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), notified Tribar Technologies Plant 1, Plant 3, Plant 4, and Plant 5 of the requirement to submit a 2021 air pollution report, with the required submittal date of March 25, 2022. In response to the non-submittal of these reports, a second letter was sent on April 7, 2022, requesting immediate submittal of the Michigan Air Emissions Reporting System (MAERS) forms for Plant 1, Plant 3, and Plant 4 required pursuant to Rule 202 of the administrative rules promulgated under Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. A copy of the April 7, 2022, letters are enclosed for your reference. Please note, I have not located a letter for non-submittal for Plant 5, however, Plant 5 has not yet submitted a 2021 MAERS report.

At this time, we still have not received Tribar Technologies Plant 1, 3, 4 and 5 required MAERS reporting forms and you are hereby notified that this constitutes a violation of the above referenced act and rule. Please submit the required MAERS reporting forms by **May 2, 2023**, (14 days from the date of this letter).

If Tribar Technologies believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the number listed below.
