SUBJECT: Follow up on PTI #131-89		
RESOLVED COMPLAINTS:		

On 4/28/1989, PTI #131-89 was issued to Fox Valley Construction Company for a crushing spread to operate at the SW 1/4 of Section 35, T51N, R39W, Rockland Township, in Ontonagon.

On 11/3/16 I visited this location. The equipment is no longer at this site. A call to the phone number on the permit is no longer in service. A review on line does not show the company to still be in business.

A request will be submitted to Ms. Sue Thelen of the Permit Section to void PTI #131-89 as the company is out of business and the equipment no longer exists.

This facility can be removed from the district inspection database.
