 ACTIVITY REPORT: Scheduled Inspection

N265142647

FACILITY: Antrim County Road Commission		SRN / ID: N2651
LOCATION: Unknown, MANCELONA		DISTRICT: Cadillac
CITY: MANCELONA		COUNTY: ANTRIM
CONTACT: Ron Chapman , Shop Foreman		ACTIVITY DATE: 12/05/2017
STAFF: Caryn Owens	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Scheduled inspection		
RESOLVED COMPLAINTS:		

On Tuesday, December 5, 2017 Ms. Caryn E. Owens of the DEQ-AQD conducted an unannounced inspection of Antrim County Road Commission located at 319 Lincoln Street in Mancelona, Antrim County, Michigan (SRN: N2651). The field inspection was conducted to determine compliance with Permit to install (PTI) 476-90. During the field inspection it was cloudy, approximately 35degrees Fahrenheit, with winds from the south-southwest, approximately 10 miles per hour.

**Source Description:**

The PTI is for a waste oil burner located at the Antrim County Maintenance Building. The waste oil burner is located in the southwest corner of the maintenance building, and is still at the site, however, it has been completely dismantled and would take a lot of work to operate it again. According to Roger in the Maintenance Department, the waste oil burner hasn't been used in 8 to 10 years because it was breaking down so much and the repairs were too costly. The stack has been removed, and there are no connections attached to the waste oil burner. The Antrim County Road Commission currently sends the waste oil generated onsite to Safety Kleen to properly dispose of the waste oil.

**Evaluation Summary:**

Based on the above information, AQD requests to have PTI 476-90 voided at this time, and no further action is necessary at this time.
