SUBJECT: Follow up with old PTI #1036-92		
RESOLVED COMPLAINTS:		

Newberry Wood Enterprises was issued PTI #1036-92 on 1/14/1993 for a cyclone dust collector for its wood working operations.

On 3/1/2016, I conducted an unannounced inspection with this facility. I met with Shawn who stated the plant manager, Mr. David Dismuke was not there that day. I left my card and requested Mr. Dismuke call when he returned. On 3/3 I talked with Mr. Dismuke. He stated the plant had burned down some years ago and all equipment was lost. The plant has since rebuilt, however the cyclone permitted under PTI #1036-92 is no longer at the site.

A request will be sent to Sue Thelen to void PTI #1036-92 as the equipment is no longer in operation.
