RESOLVED COMPLAINTS:		

On 9/28/1993, PTI #509-93 was issued to Afterburner Exhaust Shop in DeTour Village for a waste-oil furnace.

On 7/20/16 I visited the site and did not observe any evidence of the facility to still be in operation. I called the phone number on the permit application (906 297-5990) and it is out of order. A request will be sent to Ms. Sue Thelen of the Permit Section to void PTI #509-93.

This facility can be removed from the district inspection database.
