Dear Ms. Weems:

I write to you in regards to Violation Notice dated February 1, 2019 for Hot Wire Cutting and Oven Dryers. The AQD staff conducted an inspection on November 28, 2018 to determine if we are in compliance with the requirements of the Federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451), and the Air Pollution Control Rules.

We are working with our material suppliers to rectify these violations by either providing explanation that our processes meet a specified exemption and demonstrate how they meet that exemption, or if a Permit to Install (PTI) will be applied for.

We will have the completed documentation to you by March 29, 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Lisa Bascom', is written over a faint, circular stamp.
