RE: Violation notice PTI 75-94B & 74-94B

Below are the corrective actions taken in response to the Violation notice:

- Master Finish has ordered replacement upper and lower mesh pads for the chrome scrubber on our Hoist line. We expect to have these delivered and Installed by 10/30/22.
- Master Finish will follow the manufacturer's guidelines for cleaning of the existing mesh pads to see if this will reduce the pressure drop allowing the scrubbers to operate in the designed parameters. We expect to have this completed by 8/22/22
- Master Finish has updated the O&M plan and a draft copy is available for your review.

Sincerely,
