SUBJECT: Self Initiated Inspection		
RESOLVED COMPLAINTS:		

On September 26, 2018 AQD staff traveled to Antrim County to perform an inspection of the Enervest Operating Kitchen Farms South CPF. The purpose of the inspection was to determine the facility's compliance with Permit to Install No. 689-96 and applicable state and federal air pollution control regulations. AQD staff noted that the facility permit consists of a compressor engine.

AQD staff arrived on site at 10:30 a.m. to overcast conditions with a temperature of 49°F with a W wind of 9 mph. There were no noticeable odors upon arrival.

Upon arrival to facility location, AQD staff noted that the entire facility has been removed. AQD staff referenced GPS system, Google Earth, and facility location from previous inspections to assure the location was correct. AQD staff noted that all permitted equipment has been removed from the location.

After AQD staff requested records for the facility, Enervest Operating requested the permit to be voided through the proper channel. AQD staff will recommend this request be granted.
