N626523533

FACILITY: CLARK REFINING & MARKETING		SRN / ID: N6265
LOCATION: 325 N CASS AVE, PONTIAC		DISTRICT: Southeast Michigan
CITY: PONTIAC		COUNTY: OAKLAND
CONTACT:		ACTIVITY DATE: 10/31/2013
STAFF: Francis Lim	COMPLIANCE STATUS: Compliance	SOURCE CLASS: Minor
SUBJECT: Scheduled inspection		
RESOLVED COMPLAINTS:		

On October 31, 2013 I conducted an inspection at CITGO Gas Station located at 325 North Cass Avenue, Pontiac, Michigan. The purpose of this inspection was to determine the facility's compliance with the requirements of the Federal Clean Air Act; Article II, Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the AQD administrative rules.

This CITGO Gas Station used to be Clark Refining & Marketing Gas Station, which is scheduled for inspection for fiscal year 2014. A dual vacuum extraction system soil remediation process used to operate at this site. The soil remediation process was covered by Permit-to-Install No. 567-95B. The system was shutdown in 2001. The permit was voided in 2009.

I walked around the gas station and I could not verify any soil remediation activity. I spoke with the gas station attendant and he said he was not aware of any soil remediation process at this site. According to him, this gas station is owned by Atlas Oil.

The soil remediation process has been removed. This facility will be marked permanently shutdown since the soil remediation process has been terminated.
