SUBJECT: Scheduled inspection.		
RESOLVED COMPLAINTS:		

During file review, in preparation for conducting a scheduled inspection of this facility, a letter dated June 1, 2005, was found, from Sue Thelen, AQD Permit Section, voiding permit no. 298-98. The letter contained a typographical error as the permit no. was actually 296-98.

Upon doing a web search of the company, I found an article in the Elkhorn, Wisconsin Gazette (see file), dated May 17, 2013, that BR Amon & Sons was going out of business after 90 years.

I contacted permits via PermitCards requesting the permit be voided in the database. Facility can be removed from district database.
