RESOLVED COMPLAINTS:		

On August 22, 2018 Ben Witkopp of the Michigan Department of Environmental Quality - Air Quality Division (MDEQ-AQD) went to Blanchard Michigan to check the status of Agri Blast Services. The facility hadn't been checked in the past. The facility was listed as being at 109 S 3rd Street. It was issued permit 91-99 on September 13, 1999.

There was no facility at that location. I drove around the various other streets and even checked outlying areas to no avail. This source will be removed from the list of active District sources and the permit should be voided.
