RE: Resolution of VN 01/08/2020

Dear Ms. Leffert:

Pregis LLC has investigated the cause that resulted in a sudden increase of VOC on 01/08/2020. It was reported at about 9:00 am that one of our fresh air intakes suddenly failed. We were able to make the necessary repairs promptly, but with the sudden spike of VOCS it did push us to 478.7 lb/hr.in an 8 hour period. As you will see from the attachments, we have a program in place to monitor the 8 hour emission rate daily in order to make the appropriate adjustments, if necessary, moving forward.

Our air monitoring system has routinely performed to equipment and permit standards, which is demonstrated every 2 years for our annual RATA test. The violation laid out by this resolution indicates an emission violation of 0.5% for this time period, which is within the error margin limit of the equipment.

Thank you for the consideration,

Colin Ferres
Plant Manager – Pregis

MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION

**RENEWABLE OPERATING PERMIT
REPORT CERTIFICATION**

Authorized by 1994 P.A. 451, as amended. Failure to provide this information may result in civil and/or criminal penalties.

Reports submitted pursuant to R 336.1213 (Rule 213), subrules (3)(c) and/or (4)(c), of Michigan's Renewable Operating Permit (ROP) program must be certified by a responsible official. Additional information regarding the reports and documentation listed below must be kept on file for at least 5 years, as specified in Rule 213(3)(b)(ii), and be made available to the Department of Environmental Quality, Air Quality Division upon request.

Source Name Pregis Marysville County St. Clair
Source Address 2700 Wills Street City Marysville
AQD Source ID (SRN) MN6944 ROP No. MI-ROP-N6944-2017 ROP Section No. _____

Please check the appropriate box(es):

Annual Compliance Certification (Pursuant to Rule 213(4)(c))

Reporting period (provide inclusive dates): From _____ To _____

1. During the entire reporting period, this source was in compliance with **ALL** terms and conditions contained in the ROP, each term and condition of which is identified and included by this reference. The method(s) used to determine compliance is/are the method(s) specified in the ROP.

2. During the entire reporting period this source was in compliance with all terms and conditions contained in the ROP, each term and condition of which is identified and included by this reference, **EXCEPT** for the deviations identified on the enclosed deviation report(s). The method used to determine compliance for each term and condition is the method specified in the ROP, unless otherwise indicated and described on the enclosed deviation report(s).

Semi-Annual (or More Frequent) Report Certification (Pursuant to Rule 213(3)(c))

Reporting period (provide inclusive dates): From _____ To _____

1. During the entire reporting period, **ALL** monitoring and associated recordkeeping requirements in the ROP were met and no deviations from these requirements or any other terms or conditions occurred.

2. During the entire reporting period, all monitoring and associated recordkeeping requirements in the ROP were met and no deviations from these requirements or any other terms or conditions occurred, **EXCEPT** for the deviations identified on the enclosed deviation report(s).

Other Report Certification

Reporting period (provide inclusive dates): From 06/17/2021 To 06/18/2021

Additional monitoring reports or other applicable documents required by the ROP are attached as described:
Letter describing the cause and resolution of VN 01/08/2020

I certify that, based on information and belief formed after reasonable inquiry, the statements and information in this report and the supporting enclosures are true, accurate and complete
